

MACMILLAN CANCER

London WC1

PROJECT BRIEF

Select and specify furnishings for the purpose-built University College Hospital Macmillan Cancer Centre, hosting outpatient and day care services for both cancer and non-cancer patients.

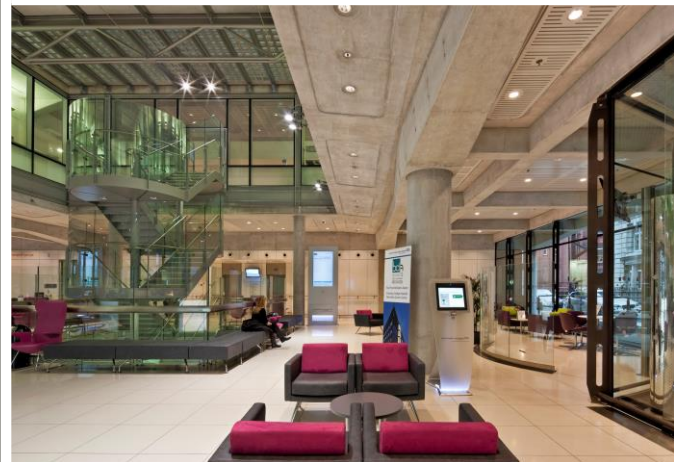

To compliment the needs of patients and modern cancer care by creating a fresh, uplifting environment whilst also maximising the natural light and open spaces featured in the design.

KEY OUTCOMES

- ✓ Bespoke furniture tailored to brief
- ✓ Specialist fabrics incorporated in design
- ✓ High user satisfaction ratings
- ✓ All furniture met Ska criteria
- ✓ Low Scope 3 emissions for install
- ✓ 100% timber from managed forests
- ✓ All packaging recycled or recyclable
